*"Being recognized with some of the greatest leaders and entrepreneurs in Arizona has been an amazing experience. The greatest value that Titan 100 brings is the connection with leaders that use their position to make the world a better place. Its refreshing to have differing perspectives, goals, and missions, yet we all focus on the greater good."*

*It has allowed me to bring confidence to table, whether in negotiations, planning, decision-making, I know I have the knowledge and skills to do the right thing."*

*"I was grateful to be a recipient of the Titan award because it is philosophy that I deeply believe in. I aim to be a person of exceptional character not just in business, but in life...It is incredibly fulfilling to be surrounded by a Titan network and serve on the Titan board for Phoenix. I am sure it is with all groups within Titan, but I feel like we represent the "Iron sharpens iron" mentality... It is really exciting to see the Titan revolution growing and expanding."*
